

## OFFICE OF THE GOVERNOR

June 6, 2005

Mr. Steve Rubin  
Executive Director  
Regenerate  
2899 Agoura Road, #268  
Westlake Village, California 91361

Dear Mr. Rubin,

Thank you very much for sharing with me the work you are doing to save the lives of many California teenagers. I am always excited to hear about programs that are improving individuals' lives, and the efforts you are making are certainly commendable.

Protecting California's youth is a top priority, and Regenerate's success in Southern California shows promise for other areas in our State. You are absolutely right when you say that teenagers are more likely to listen to peers. That is why it is essential to get the message out, as you are doing, using language young people understand, through film and peer counseling. I believe that children are the future and we should do everything we can to protect them.

Thank you again for your letter and for the work you are doing to ensure a safe future for California. Keep up the great work!

Sincerely,
